20 GBPS PORTABLE NETWORK TRAFFIC ANALYZER

Key Features

- Packet capture 20 Gbps with guaranteed Zero Packet Loss
- Complete Network Monitoring, Traffic Analysis, Packet Capture in one portable unit
- Fully Portable solution including Case, HD monitor and keyboard/mouse in one
- Data visualization of live network traffic
- Capture network traffic to disk at line rate with zero packet loss
- Packet filtering while capturing network traffic for increased retention time
- Live monitoring of network traffic and health of capture appliance
- Includes wheeled carrying case for ease of mobility

Key Advantages

- Complete network monitoring, traffic analysis and packet capture solution
- Easy to use web GUI for dashboard, management and configuration
- Line rate network traffic recording with guaranteed zero packet loss
- Live dashboard to view incoming packet statistics and recording performance
- Search, retrieve and export network traffic in PCAP format

Wasabi Networks at-a-glance

The two founders, Jens Christophersen and Thomas Jorgensen, behind the world's leading Intelligent Network Capture Adapter Company, Napatech, launches new company with focus on cost competitive and advanced network monitoring, capture and analysis technology.

The NTA product range can assist in learning, understanding and monitoring what is going on with the most critical parts of an organizations infrastructure. The feature set can help diagnose problems quickly and ensure uptime of customer facing web pages or services. This is of critical importance to all businesses in the new sharing economy.

Feature set is highly targeted and developed to precisely solve the problems associated with Fault-Finding, Error-Tracing and Network Forensics of modern high speed networks in all Corporate, Carrier and Government Networks.

Available Configurations

Model	NTA20-P 8TB	NTA20-P 16TB	NTA20-P 32TB
Form Factor	Portable	Portable	Portable
Disk Capacity	8TB	16TB	32TB
Retention time	37m	1h 14m	2h 29m
Recording Speed	20 Gbps	20 Gbps	20 Gbps
Capture Ports	2x10 Gbps SFP+	2x10 Gbps SFP+	2x10 Gbps SFP+
Warranty	12 months	12 months	12 months
